SUPPLEMENTARY
PUNJAB ANNUAL MEDICAL LIST
1937

PRINTED AND PUBLISHED UNDER THE DIRECTION

OF THE

PUNJAB MEDICAL COUNCIL

PURSUANT TO SECTION XI

OF THE

PUNJAB MEDICAL REGISTRATION
ACT, II OF 1916

LAHORE

PUBLISHED FOR THE PUNJAB MEDICAL COUNCIL

Price Rs. 1-4-0

WARNING NOTICE

The Punjab Medical Council desires to bring to the notice of Registered Medical Practitioners the following statement upon offences and forms of professional misconduct which may be brought before it for disciplinary action in view of the jurisdiction conferred upon it by section 16 (2) of the Punjab Medical Registration Act II of 1916, namely:—

“The Council may direct the removal altogether or for a specified period from the register of the name of any Registered Practitioner who has been convicted of any such offence as implies in the opinion of the Council a defect of character or who, after an enquiry, at which opportunity has been given to such Registered Practitioner to be heard in person or by Pleader, has been held by the Council to have been guilty of infamous conduct in any professional respect. The Council may also direct that any name so removed shall be restored.”

It must be clearly understood that the instances of offences and of professional misconduct which are given, do not constitute and are not intended to constitute a complete list of the infamous acts which may be punished by erasure from the register and that by issuing the notice the Council is in no way precluded from considering and dealing with any form of professional misconduct on the part of Registered Practitioners (as for example immorality involving the abuse of professional relationship, bringing a false accusation against a brother practitioner under this Act, or taking advantage of their position to defeat the purposes of the provisions of the Poisons, Cocaine and Opium Acts) which may be brought before it may not appear to come within the scope of precise wording of any of the categories herein set forth. Circumstances may and do arise from time to time in relation to which there may occur questions of professional misconduct which do not come within any of these categories. In such instances as in all others the Council has to consider and decide upon the facts brought before it.

I.—CERTIFICATES, NOTIFICATIONS AND REPORTS

Registered Practitioners are in certain cases bound by law to give or may be from time to time called upon or requested to give certificates, notifications, reports and other documents of a kindred character, signed by them in their professional capacity for subsequent use in courts of justice or for administrative purposes, etc.

Such documents include, among others, certificates, notifications, reports:—

- (a) Under the Act relating to Lunacy.
- (b) Under the Factory Act.

- (c) Under the Acts and Orders of Government relating to the notification of infectious diseases, e.g., Plague.
- (d) Under the Cantonment Act.
- (e) In connection with sick, benefit, insurance and friendly societies.
- (f) For procuring the issue of passports.
- (g) For excusing attendance in courts of justice, in the public services, in public offices or in ordinary employment.
- (h) In connection with naval and military matters.
- (i) In connection with medico-legal examinations and reports.

Any Registered Practitioner who shall be shown to have signed or given under his name and authority any such certificate, notification, report, or document of a kindred character, which is untrue, misleading or improper, whether relating to the several matters above specified or otherwise, is liable to have his name erased from the register.

II.—ADVERTISING AND CANVASSING

The practices of (a) advertising by a Registered Medical Practitioner with a view to his own gain particularly if depreciatory of other Practitioners or of sanctioning such advertising, (b) employing or sanctioning the employment of agents or canvassers for the purpose of procuring patients, and, (c) associating with or accepting employment under any association which practises canvassing or advertising for the purpose of procuring patients, or in the opinion of the Council contrary to the public interest and discreditable to the profession of medicine, and any Registered Medical Practitioner resorting to any of such practices renders himself liable on proof of the facts to have his name erased from the Medical Register.

III.—UNQUALIFIED ASSISTANTS AND COVERING

The employment by any Registered Practitioner in connection with his Professional practice of an Assistant who is not duly qualified or registered and the permitting of unqualified person to

NOTE.—The foregoing (1) do not apply so as to restrict the proper training and instruction of *bona fide* students or the legitimate employment of dressers, midwives, compounders, surgery attendants and skilled mechanics under the immediate personal supervision of a Registered Practitioner, (2) shall not be considered as applying to persons who have received a training in medicine or were in process of training in medicine prior to 1st January, 1918, under Medical Practitioners holding a registerable qualification or diploma (who on representation may be recognised by the Council) with a view to acting as Assistants under them or to be under them in charge of out-dispensaries.

attend, treat or perform operations upon patients, in respect of matters requiring professional discretion or skill, is in the opinion of the Council in its nature fraudulent and dangerous to the public health, and any Registered Practitioner who shall be shown to have so employed such an unqualified Assistant is liable to have his name erased from the register. Any Registered Practitioner who by his presence, countenance, advice, assistance or co-operation, knowingly enables an unqualified or unregistered person, whether described as an Assistant or otherwise, to attend, to treat or perform any operation upon a patient in respect of any matter requiring professional discretion or skill, to issue or procure the issue of any certificate, notification, report or other document of a kindred character (as more particularly specified in Division I hereof) or otherwise to engage in professional practice as if the said person were duly qualified and registered, is liable on proof of the facts to have his name erased from the register.

IV.—ASSOCIATION WITH UNQUALIFIED PERSONS

Any Registered Practitioner who either by administering anæsthetics or otherwise assists an unqualified person to attend, treat or perform an operation upon any person in respect of matters requiring professional discretion or skill, will be liable on proof of the facts to have his name erased from the register.

NOTE.—(1) Having regard to the present policy of Government in regard to methods of treatment indigenous to India the Council will consider each on its own merits, cases in which Registered Practitioners have been reported to it as having been in consultation or accession with such Practitioners. The Council in considering such cases will take into consideration the reputed practice of the Registered Practitioner in this connection that is to say, whether such association is of an occasional nature or otherwise. If a registered practitioner has been called in by the patient or his friends to advise and has found such a Practitioner in attendance and has rendered assistance to the patient, the Council will not consider such action of itself, to be of a reprehensible character.

(2) The Council desires to bring to the notice of Registered Practitioners that it considers association by a Registered Practitioner professionally with bodies or societies of unqualified persons, formed for the purpose of turning out unqualified Practitioners, is fraught with danger to the public and will be dealt with as such. The Council would not, however, consider it objectionable for a Registered Practitioner to arrange for lectures in science or in elementary human anatomy or physiology, provided these lectures were open to the public and were not given under the auspices of such bodies or societies.

SUMMARY OF INFORMATION IN THE SUPPLEMENTARY ANNUAL MEDICAL LIST, 1937.

Total number of persons in the Register.	Number of persons added by registration during the year 1936.	Number re-stored to the Register of Registered Practitioners.
